The enVie Down Town Parka

When choosing your cover-up this (proclaimed coldest) winter season, pick a Parka that keeps you warm and preserve your style.

We welcome our latest "Green Fur Couture" addition:

Recycled Down Parka with up-cycled (vintage) fur lining.

Best of all? Wearable from both sides, so the "Down-Town Parka" is the perfect masterpiece to upgrade or literally said "down"-grade any look & outfit.

This reversible winter parka keeps you warm from urban strolling to glamorous winter(wonderland) nights.

Each Down-Town Parka is handcrafted and customizable. The down filled microfiber envelope is available in many colours - from tortora taupe to midnight blue or army green.

Various (vintage) fur lining options: up-cycled sable or (sheared) mink - Colours upon request or re-created from any client fur coat material.
